

## Company

Ausnutria Dairy Ingredients is a division of Ausnutria, a professional and modern company, but with over 100 years of experience in the dairy industry. From its headquarters and five production sites in the Netherlands, both the consumer and the corporate global markets are served with high quality infant formula and other types of dairy products. With a firm belief in the natural benefits of goat milk, Ausnutria Dairy Ingredients markets a full range of goat milk ingredients under the brand CBM. The CBM brand is world leading in high quality goat milk ingredients for the global business-to-business market.

# Skimmed Goat Protein Powder, 60% protein

CBM's Skimmed Goat Protein Powder (SGPP) is made from the highest quality Dutch goat milk. By using a patented process, a casein rich stream is obtained in which proteins remain in a more native state, resulting in a very mild and neutral taste with unique superior quality proteins. SGPP supports the daily protein intake for a healthy lifestyle as well as post-treatment recovery.
